

Expert panel on Basel III and Sustainable Finance

Tuesday, March 21st, 2023, 12.00 p.m.-2:30 p.m.
Representation of the Free State of Bavaria

Invitation and agenda

Green Deal and Sustainable Finance should direct capital flows into sustainable investments. The Taxonomy Ordinance, CSRD and the Supply Chain Due Diligence Act provide the framework for this.

What does implementation look like in practice for reporting companies and financing banks? Does the current development of SME standards focus on practical requirements?

Inflation and the increase in inventories to bridge supply bottlenecks lead to additional financing requirements. What planned regulatory requirements for capital adequacy (Basel III) have?

We would like to discuss this with you.

Conference languages: German and English

March 21st, 2023, from 12:00 p.m. to 2:30 p.m.
